Storyboard Description

This is the 6 frames storyboard for developing a solution that caters for executing a conference/workshop at distance where the gathering of participants is partially or totally online

Texte du Storyboard

- Sorry all flights are cancelled !!
- how can i attend the conference now? with all the related COVID-19 restrictions !
- Social Distancing is your best shot against the virus
- Stay Home! PLEASE!!
- We need to bring people together. Knowledge and expertise exchange is key to global development
- we MUST find the perfect alternative to the physical conference
- Ability to participate online; view presentations, chat, be notified/reminded; Recording; Live Streaming; Access Secured, Polls, Gamification, Branding backgrounds for viewers, Moderation control on audio/video & enroll/unenroll; Subtitles in chosen language; Switch Screens of speakers + Instant labeling.
- research
- International Digital Conference
- YEAP! it's live
- the stage is ready for our panel keynote?
- That international conference went smooth, and was so impactful. I have learned so much ! and the panels were so well organized with impressive participations. " Technology is great at the service of the people! "
- let's do it AGAIN!
